Calloway County Fair Is Best In Many Years

Amateur Hour Is Featured For Tonight

The Calloway County Fair, now in its second day, shows every indication of being one of the biggest and best fairs to be staged here in many years. At the official opening yesterday it was evident that the entries in every department are showing the variety and quality which make a fair great. Although it will be impossible to determine the winning exhibits to any extent until after the fair closes tomorrow, there are numerous hopefuls for every prize on the fair's lengthy premium list.

Amateur Show

Featured for tonight is a special amateur hour contest for all high schools in the county. This show will take place at the Robertson Loose Leaf Floor, The Outland Association barn near the railroad, also being used by the fair board in staging some exhibits. Merchants and other business men and interested citizens of Murray have been liberal in their donations to make possible the Calloway County Fair as a red letter event of the year in our great county.

The following is a list of the names of the donors. It is altogether possible that some names may be omitted from this list since some donors left their contributions as a deposit with the bank and the management of the fair may not yet have had time to clear with these records. If any donors' names fail to appear here below, please notify any of the directors and corrections will be made in a later publication.

Mr. Fetterman attended Murray State Teachers College the two years immediately preceding World War II. Had attended one year after its completion. He is a veteran, having been with the Navy for 3½ years.

U. S. TO PRINT NAZI DOCUMENTS FOR WORLD TO SEE

German Plan of World Conquest Is Translated

Even as the twenty odd top Nazi leaders, who stood as defendants before the four power military tribunal at Nurnberg, await the verdict of that court, the great press of the United States Government Printing Office at Washington are already impressing their words and the evidence of their probable guilt in permanent volumes for all the world to see.

The mass of documentary evidence collected by the American and British prosecuting staffs, including the material relative to the trial, fills eight volumes which are to be made available to the general public for \$18 per set through the Superintendent of Documents, Government Printing Office, Washington, D. C.

Available To All

Goering and Hess, von Papen, von Ribbentrop, Schacht and the others, wrote letters and notes on their conferences in their work of enslaving the continent of Europe. Now these letters and notes, taken from captured Nazi files, will be available in English translation for all to read and ponder over the coldness, the hardness, the brutality which these Nazi conspirators used to gain their ends.

Two volumes of the eight volume set have already been printed. (Continued on Page 4)

State X-Ray Unit Will Be Here To Help Combat TB

The X-Ray Trailer Unit of the State Health Department will be parked at the southwest corner of the square in Murray for two days, starting tomorrow, to provide free x-rays to the residents of Murray and Calloway County.

Recent figures released by a War Department official indicate that 6,802 Kentuckians were killed in battle or died of wounds or disease during the 56 months of the Second World War. During the same period of 56 months a total of 7,997 Kentuckians died of tuberculosis.

Tuberculosis in Kentucky is more deadly than war and the people of Calloway County are urged to avail themselves of this opportunity to have free x-rays made.

Tinfoil From Murray May Help Another Crippled Child Walk

A drive to collect tinfoil for the Kosair Crippled Children's Hospital at Louisville, Ky., is now being conducted in Murray. The drive, sponsored by the Murray Lodge 105 F. & A. M. and the Murray Star Chapter 433 O.E.S., will result in a great deal of happiness to a lot of crippled children. Assisting in the collection are the Boy Scouts and Cubs of Murray and the Calloway Chapter of the Red Cross.

Murray Scouts and Cubs will make daily collections throughout the city to collect the tinfoil and everyone is asked to save all cigarette packages until a Scout or Cub calls for it. The drive will continue until Saturday, October 12.

When the foil reaches the hospital it is removed from the paper

Named Department Head At College

MISS RUBY SIMPSON

Miss Ruby Simpson, formerly head of home economics at Furman University, Greenville, S. C., is the new head of the home economics department at Murray State College, President Woods announced recently.

She has the B.S. degree from Alabama College, Mantville, Ala., and the master's degree from Iowa State College, and has recently completed course requirements and preliminary examinations for the Ph.D. degree at Ohio State University.

She succeeds Miss Ruth Sexton, who has asked for a leave of absence on account of ill health. If her health improves, Miss Sexton will rejoin the faculty as a member of the department.

Committee Named By Governor For Highway Safety

Organized effort to promote highway safety in Kentucky will be discussed at 2:00 o'clock on September 24 when the recently appointed Governor's State Coordinating Committee for Highway Safety meets, J. Stephen Watkins, Commissioner of Highways and Chairman of the group, announced today. The Committee is composed of Mr. Watkins, as chairman, Ben J. Brumleve, Director of the Division of Motor Transportation; Dr. P. E. Blackberry, Commissioner of Health; Criville M. Howard, Commissioner of Revenue; John S. Brown, Director of Education in the Department of Welfare and Colonel John Baker of the Kentucky Highway Patrol.

The Committee was appointed by Governor Willis to make a thorough survey leading to the prevention of accidents on our highways. Mr. Watkins said, "It is a part of the over-all plan of the national conference on street and highway safety, similar committees having been appointed in each state."

"Activities will be directed toward safety education, safe design and construction of highways, proper and adequate enforcement of traffic regulations. It is possible that sub-committees may be appointed to direct the various phases of this effort."

DR. RALPH H. WOODS TO SPEAK AT WKPA MEETING

Dr. Ralph H. Woods, president of Murray State Teachers College, will be the principal speaker at the next quarterly meeting of the Western Kentucky Poultry-Livestock Association in Hickman Friday, September 27, at 7 p.m. in the Young Men's Business Club room.

Mayor George Hart is president of the association and G. B. Scott is director from Calloway County.

Local Restaurant Operators Await OPA Instructions

As late as Wednesday of this week, Murray restaurant operators had received no official word from the OPA regarding the set back of some menu prices to the June 30 levels.

The OPA order supposedly ordered immediate restoration of the June 30 price ceilings for restaurant meals and individual menu items in which meat is the major ingredient.

Since September 9, restaurant ceilings for these items have been "frozen" at prices which were in effect during the week ending August 1. This was prior to re-establishment of retail meat ceilings.

Most Murray restaurants are awaiting official instruction from OPA authorities before putting into action the "rollback" of prices which is estimated at about 10 per cent.

Fourteen From Murray Attend W.O.W. Meeting

The annual Woodmen of the World Uniform Rank Encampment, held at Myrtle Beach, S. C., from September 9 to September 12, was attended by two Calloway Camps. The camps making the trip were Murray Camp No. 592 and Hazel Camp No. 138.

Approximately 36 camps from nine different states were represented at the encampment. Primary purpose of the event was to teach drill teams to put on W.O.W. drill work.

Murray members making the trip report that the encampment was a great success and that they enjoyed one of the best times they had experienced in the past.

Those attending from Murray were R. C. Ruffelt, (Captain), Porter Holland, R. B. Holland, Lloyd McKee, J. A. McCord, Ted Edwards, Thomas Wilkinson, Ronnie Ruffelt, Bobby Ruffelt, Joe Edwards, two grandchildren, Poque, T. C. Collie and Lexie Boggs.

PLANS ARE GOING AHEAD ON MURRAY RADIO STATION

MBC Expects Fight Over 24-Hour Channel

Plans for providing Murray with an efficient civic-conscious radio station and bringing to Murray long overdue recognition as the "birthplace of radio" are still being pushed by the Murray Broadcasting Company. The company, headed by local attorney George E. Overbey, has announced that its application for a permit has been accepted by the FCC for filing and that a Commission hearing is expected to be scheduled for late in September or early in October.

In view of the fact that there has been such an enthusiastic response by the people of Calloway County to the possibility of a local broadcasting station, it is urged that this permit be approved. Two other broadcasting companies, both of Paris, Tenn., have also submitted requests and are expected to be heard at the same meeting with the Murray Broadcasting Company. There is only one 24-hour channel available (1340 on the dial) for Calloway County and Henry County, Tenn. When the O.K. is given to one company it will mean that the chances of the other two of ever having a full-time station are practically nil. Thus there is a possibility that the "birthplace of radio" may find itself unable to broadcast on a suitable channel for years to come. There is also a strong possibility that a request for a "daylight to dark" station, similar to WKTM at Mayfield, will be granted a third Paris company in the immediate future. This could mean that Paris would operate two stations while Murray is excluded from the air.

Public Responsibility

Aware of the tremendous responsibility to the public in operation of a radio station, Murray Broadcasting Company has outlined its general aims on a long range basis.

Mr. Overbey in summing up the intentions of Murray Broadcasting Company to the Ledger & Times said, "We will endeavor, to the best of our abilities, to maintain a well-balanced program at all times, including broadcasting of programs devoted to education, religion, labor, agricultural activities, public interest, health and industry. We believe there is a wealth of local talent available here and we propose to use it. This station, if granted, is to be a local station for use of local interests."

If the station is approved, the Veterans organizations and other worthwhile organizations plan to use broadcasting time which has been offered free of charge by the company. Plans have also been made to provide leased wires to insure rapid and complete news coverage for the station. The value of such a station to the people of Murray and Calloway County would be immeasurable.

Local Hunter Pulls One For The Books

Murray was the scene of a perplexing jurisdictional dispute yesterday. When Lester Nanney, county court clerk, drove up to the courthouse with a quail impaled on the door handle of his car (and quail hunting being out of season) there was talk of prosecution. Nanney, not realizing the quail was still with him, left the evidence on the court square for all the world to see.

Sheriff Patterson hastily ruled that the case was out of his jurisdiction and refused to go on record concerning it. Otis Lovins, quarterly court clerk, was demanding justice and looking for game warden J. O. Reeves Reeves could not be reached for a statement.

It was reported that Nanney, in case of trial, expects to be his defense on the argument that the freak hapl was no larger than his bag during the regular hunting season.

DEATH CLAIMS MRS. LEE BOLD LATE YESTERDAY

Funeral services for Mrs. Lee Bolen who died late yesterday following an extended illness, have not been completed.

Services are tentatively planned to be held in Dayton.

Mrs. Bolen was a resident of Calloway County, having her home near Almo on the Kirksey road.

Funeral Services For James O. Cain To Be Held Here

Funeral services for James O. Cain, 36, will be held at the Murray Church of Christ on Saturday, September 21. Cain died from complications Wednesday afternoon at the Molly Stark Sanitarium, Canton, Ohio, following an extended illness. The body will arrive in Murray tomorrow night and will remain at the home of his mother, Mrs. Jennie Starks, Murray Route 2, until the funeral hour.

He had previously operated a business in Canton with his brother, John Cain, until the latter's death in June 1946.

He is survived by his wife, Mrs. Omega Cain; father, Jeff Starks, Murray Route 2; mother, Mrs. Jennie Starks, Murray Route 8; two sons, Franklin and Jerry Don Cain; four sisters, Mrs. Polly Bailey, Murray; Mrs. Ruby Travis, Calloway County; Mrs. Gracie Hughes, Puryear, Tenn.; and Mrs. Lucille Heath; one brother, A. P. Cain, Paducah; one stepister, Mrs. Genie Tremble, Hardin; and three stepbrothers, Hal Starks, Marshall County, Murray Starks, Detroit, Mich., and Raymond Starks, Marshall County.

Burial will be at Coles Camp Ground on Saturday.

Request For Radio Permit Withdrawn By W. P. Williams

W. P. Williams, president of the Tennessee-Kentucky Broadcasting Company, announced this week the application of the corporation to operate a broadcasting station in Paris, Tennessee on a 1340 wave-length has been withdrawn without prejudice.

At a meeting of the shareholders of the corporation held in Paris last week a resolution was adopted to dissolve the corporation and surrender the charter granted last January.

Reasons given for withdrawing the application were that information had been received that a day-time station will be granted a permit to operate in Paris and the company did not want a permit for a second station there.

Williams stated that he had received strong support for his application in Murray as well as in Paris due to the fact the company had intended to serve Murray with a studio here to be operated by remote control. He expressed his appreciation for this support and his desire to release all those who have offered to support the application in any way.

It is reported that the Paris permit for a day-time station will be granted on a 710 wave-length, that equipment has been purchased and that the owners expect to have the station in operation before the end of the year.

LUKE LEE KNIGHT TO FACE GRAND JURY FOR MURDER

Luke Lee Knight, Murray Negro arrested last Thursday for questioning in the death of Nahon Tharpe, appeared for examining trial before Judge Pink G. Curd last Saturday, September 14 and was bound over to the November term of Circuit Court. He is being held in the Calloway County jail without bond facing charges of "willful murder."

The arrest of Knight by county officials climaxed a four day search which started Sunday, September 8, when Tharpe, colored farmhand, was fatally wounded by a shotgun blast on the farm of Gus Robertson west of Murray. Sheriff Patterson said at the time of the arrest that the fugitive had been hiding in the fields west of Murray since the shooting. The weapon believed used in the slaying was found hidden near Tri City.

FIRST CHRISTIAN CHURCH GENERAL COUNCIL HERE REV. L. O. LEET TUESDAY

The General Council met at the First Christian Church on the afternoon of September 17 at 2:30 o'clock. Rev. L. O. Leet gave a very interesting talk on the first three Beatitudes. The services for September 22 were discussed. Services will begin at 9:30 a.m. in the church auditorium concluded by a basket dinner at the club house.

Refreshments were served with group three as hostesses.

Both Mr. Oliver and his son were born and reared near Hazel. They invite their friends to come in and visit them.

WORLD NEWS TOLD IN BRIEF

"Squatters" Ousted

London—Britain's Communist-led "luxury squatters" bowed before court and police opposition this week and began to evacuate the apartment buildings they commandeered 10 days ago in a revolt against the Government's housing program.

Dozens moved out of the Ivanhoe Hotel in Bloomsbury, and a spokesman for 300 squatters entrenched in the Duchess of Bedford House in fashionable Kensington said they would "all march out together" on Friday, hoping for "humane consideration" from public authorities.

A.F.L. Seamen Back

AFL seamen and longshoremen went back to work stoking and loading ships Tuesday in the first break in the 13-day maritime strike, but the C.I.O. National Maritime Union still had at least 75 per cent of the world's greatest merchant fleet tied to its moorings.

The move at once eased the shipping crisis and eliminated the threat of violence raised when the AFL leaders decided to crack the C.I.O. picket lines.

Thunderjet Sets Record

Muroc, Calif.—The Army announced Tuesday that a Republic XP-84 Thunderjet has been timed unofficially at 619 miles an hour and officially at 611. The latter is an American record. The runs were made a week ago on a windless day at the Muroc Army Air Base.

Further tests of the Thunderjet will be made in two weeks at the Muroc base. The plane is powered by General Electric TG-180 engines.

Clayton Objects To Wallace Speech

Washington—Undersecretary of State William L. Clayton has challenged the wisdom and prudence of personal foreign-policy statements by Government officials.

He acknowledged, in effect that the State Department by itself would be helpless to act should Secretary of Commerce Henry A. Wallace or other Government officials persist in presenting publicly views conflicting with those laid down by Secretary of State James F. Byrnes.

Injury May Keep Ken Slaughter On Bench

The Tigers of Murray High School will give their first exhibition of what Murray pikskin fans are in for this season when they raise the curtain on the 1946

SEASON TICKETS

Coach Holland has announced that the few remaining season tickets for Tiger home games will go on sale at the Wallis Drug store Friday morning. The tickets are good for five home games and will sell at \$3.30.

grid season at the high school tomorrow night against the untied Princeton eleven.

Local quarterbacks rate Holland's aggregation as too big and fast for the visitors but are a little cautious due to the upsets already reported in Western Kentucky play. Tip Downing, former star at Western Teachers, is the new mentor at Princeton and his brand of ball is still a mystery. Princeton will also be trying to avenge the 20-6 clanging handed out by the Tigers last year.

With second stringers crowding starters all up and down the line, Holland is still undecided as to who will answer the first whistle tomorrow night. Ken Slaughter, 185 pound war veteran, has been held on the sidelines this week with an injury but kick-off time may find him starting at either end or fullback.

The Murray probable line up will weigh about 166, an approximate 16 pound advantage over Princeton. Captain Billy Thurman will run the squad from his right guard post and quarterback duties will probably fall to Billy Ferguson, reported the Tiger's most dangerous back.

Officials for the fray will be Bennett, referee; Maddox, umpire and Williams, head linesman.

Settles To Make Home In Murray

The following article appeared in the August 8 issue of the Winder News published in Winder, Georgia. Mr. Settle will manage the new Belk-Settle firm opening its Murray store:

Mr. and Mrs. Ed F. Settle have completed plans for leaving Winder and moving to Murray, Kentucky, where they will establish residence. Mr. Settle will be taken into the Belk chain as a member of the firm of Belk-Settle Company, in that city which he will actively manage.

Mr. and Mrs. Settle came to Winder nine years ago from LaGrange, Georgia, where he was assistant manager of the Gallant-Belk Company. Upon arrival he assumed management of the local store here and has since it grew from a small store to its present enlarged and beautiful quarters. During the war years he was manager of the Monroe store and at the time of his resignation was supervising the Lawrenceville store.

The Gallant-Belk Company here is the recipient of much good will on the part of the public due in no small measure to the vast amount of advertising Mr. Settle has sponsored in promotion of War Bond, Red Cross, USO, Community Chest, Army Recruiting.

New Major Park For Kentucky

By RUSSELL DYCHE, Director Kentucky State Parks

Newest acquisition, and surely destined to become one of Kentucky's finest and most popular, is Carter Caves State Park in North-eastern Kentucky, about half-way between Grayson and Olive Hill and thirty miles from Ashland. Its 1200 acres were purchased for \$40,000.00, raised through popular subscription as a project of the combined Grayson and Olive Hill Rotary Clubs, mostly in Carter County. The deed was recently presented to Governor Simeon Willis, with short appropriate ceremony, by Heman McGuire, chairman, and then members of the local committee. The successful campaign had been under the direction of former Governor W. J. Fields.

With the proposed Kentucky Lake State Park, on Kentucky Lake at the western end of the Eggers Ferry Bridge in Western Kentucky, which is now in process of transfer from the Tennessee Valley Authority, Carter Caves gives Kentucky a well rounded system of parks. When developments now planned and for which appropriations have already been made, are completed, every section of Kentucky will be within reasonable distance of a major State Park.

Privately operated, Carter Caves has for many years been a widely recognized vacation resort. Charles G. Dawes, former vice-president of the United States, had written his name on the wall of one of the caves with the smoke of a pine torch in 1882, and this year became one of the hundreds of contributors to the fund making it a State Park. Three of the caves have been developed and are now lighted electrically. There are a limited number of snack vacation cabins and other surface improvements already in use.

But the great value of the Carter Caves area is its magnificent surface. Through it flows the beautiful Tiger River, with its stately palisades. Pictured above is a scene through one of its three interesting natural bridges. The man in the center background gives some idea as to its size. Much of its forest has been spared the woodman's ax. Opportunity for nature trails and bridge paths abound, and they are scheduled for immediate construction as are a group of modern housekeeping cabins. A lodge, to be erected through issuance of revenue bonds, is also being considered and probably will be built.

Travelers on Highway U. S. 60 will be well repaid for the short side trip to Carter Caves. They had better be prepared for a great desire to return soon for a vacation there.

Livestock Gifts Wanted by UNRRA

The UNRRA has announced that it is accepting gifts of livestock for distribution to war-torn countries.

Many groups, such as churches, service clubs, farm organizations, breed associations and the like, and public-spirited individuals have been making donations of livestock.

Further to actually groups and individuals with the contributed animal phase of relief, UNRRA has published a leaflet giving details as to how dairy cattle and other livestock may be made available to war-torn areas.

Copies of this leaflet may be had at offices of county agricultural agents and county home demonstration agents.

MAKE FARM IMPROVEMENTS

O. G. Riley & Son, Lyon county farm is cooperating with the TVA in demonstrating the value of improved practices. They have had four ponds dug and two re-worked.

Two old sky ponds filled up 720 acres, turned them over to the TVA and turned them over to the TVA.

They spent over \$500 in making improvements but did not get more money than that by having to sell livestock because of lack of adequate water. The work was done with a D-7 tractor and a fit at a charge of \$1050 an hour.

JESUS AND THE LAW OF THE STRANGER

LESSON TEXT—Exodus 22:21-23; Deuteronomy 24:14, 15; Matthew 23:34-41.

MEMORY SELECTION The King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.—Matthew 25:40.

There is as much need today for the words of counsel and admonition regarding strangers which we find in our lesson, as there was in the days of Moses, for there seems to be an almost complete breakdown of neighborliness both between nations and individuals.

I. The Law Required Neighborliness (Exod. 22:21-23; Deut. 24:14, 15).

Our heavenly Father as revealed to us in his Word is a Father indeed, one greatly concerned about his many children; but especially does he care for those who are weak and needy.

The laws of ancient Israel made provision for the feeding of those who had no fields. The corners of the field were left uncut at harvest time, some of the grapes were to be left on the vine, etc., so that the poor could enjoy the sense of self-respect as they picked for themselves what God had provided (see Lev. 19:9, 10; 23:22; Deut. 24:19-21, and other passages).

The poor man who found work to receive his pay when needed. For the one who hired him to do otherwise was to bring upon himself the judgment of God. He listens to the cry of the hungry worker and his family (Deut. 24:15).

Strangers were in a peculiar way subject to the possibility of extortion. They are even today the easy mark of the one who lives by his wits, the "confidence" man and sneak thief.

If any such person reads these verses let me warn him solemnly to keep his tricky hands off the stranger, for he is watching and will hear their cry (Exod. 22:23).

The same is true of widows and orphans. God is their keeper and their defender.

Sometimes we say that all this is Old Testament in its background and principle. What about the follower of Christ in our day? The answer is that

II. Christ Expects Neighborliness (Matt. 23:34-41).

This is a prophetic picture of a great judgment scene. It is not, as many suppose, the same as the judgment of the Great White Throne of Revelation 20.

The scene here is not in heaven, but upon the earth. It is not individuals who are being judged, but the nations of the earth. They are not being judged regarding personal salvation, but for their treatment of Christ's brethren.

Who are his brethren? First we think of his brethren, after the flesh, God and the passion for freedom has been banished from our literature, political order. When this is done, in spite of the knowledge of history, people are seeming to forget freedom and personal responsibility, and fail to make the fight they should for democracy.

We know that the world is divided now between two systems. One, the authoritarian prevails by force, and will not tolerate individual freedom. The other, the democratic prevails by reason.

It encourages debate. Democracy is slow to anger. It will not attack unless attacked. To sum up a real democracy, we will have a self-government under God.

If freedom be the gift of God, men cannot throw it away. Whatever advances they may make in science and technology, men cannot repeal the divine law of their creations. As Americans we are committed to the firm faith of

the founders of this nation, that God gave the capacity to rule themselves, and by self-government to bring forth a constantly improving social structure.

America must save democracy. Ours is the opportunity and the duty to rescue men from slavery. It is imperative therefore, that Americans learn and learn quickly to recognize enemies of democracy and to use all of their influence to help people that do not understand. We must be practical and make freedom work, so that it will be desired at home, then, by example and influence, spread abroad.

The meeting Sunday September 8, at the First Baptist Church of our city was a sad affair for the church. But, if the affair will be the beginning of a new democratic order in the church, the meeting will not be in vain, if the leaders and members will not let it, God may correct.

The Baptists Churches in Calaway County are so organized through the cooperative program that there is not a spiritual atmosphere in the churches. Anybody that is educated and has any common sense at all can put on a program, but just anybody cannot teach God's Word. If the one that leads in the church is listening to man's voice, God is not going to let him rightly divide His Word.

Baptist Churches need to wake up and realize they are independent bodies of people and they don't need any dictation from officers of Co-operative Program or Southern Baptist Convention or anyone.

The United States was founded a Democratic Government. The people should wake up and realize it if they are to have peace they will have to live democratic principles.

Prices of farm products in Kentucky reached an all-time high in July, following expiration of the Emergency Price Control Act. An index of prices of products other than tobacco, computed by the University of Kentucky Experiment Station, reached 167 in mid-July, when an average for the years 1921-1929 was 100. This exceeds by eight points the previous record of 159 in January, 1920, and is four times the low point of 40 touched in March, 1933.

A sharp rise in prices took place between June and July with the termination of O.P.A. controls and the elimination of subsidy payments on lamb, cattle, butter and milk. Strong demand resulted in record-breaking prices for products which are in comparatively short supply, such as meat animals. Other products, such as potatoes, which are relatively abundant, actually dropped in price from June to July.

Prices of Kentucky farm products already were on the up-grade before July 1. Prices in June, 1946, were higher than in June, 1945, for wheat, corn, hogs, cattle, calves, lamb, milk cows and milk. All of these products rose still further from June to July, 1946.

STEER GAINS BOOSTED

Steers running on pasture that had been fertilized with rock phosphate and limestone gained three times as much as steers running on untreated pasture, in tests at the Western Kentucky Experiment Substation at Princeton. Best results were obtained where 294 pounds of limestone and 86 pounds of 20-percent superphosphate to the acre were applied.

Our Choice: Self Government Under God's Law, or Compulsory Government Without God

It seems that most people have forgotten that God made this world, and as long as man will let Him run it, we can have peace and happiness. If we rebel and try to set up for man to run it without God we can only expect confusion and war. All countries have come to the cross road, they will either set up a government by men, disciplined to exercise freedom on their own account, under God's laws, without any other restrictions of government, than are necessary to a free social order, or have a government by the strictly enforced compulsions of men over other men, who hold that people are unfit for freedom and will not behave without ruthless compulsions.

When we look around us, sometimes we do know so many people are not capable of thinking and acting for themselves, if left to themselves. But, this is why God made us our brothers keeper. Instead of our taking advantage of him. We need to enlighten man and never try to take away his freedom. The only real need today is Godly leaders.

Fascist forms of government cannot mix with self-government. We must conflict, yet, right now the greatest American delusion is that we can be half managed or compelled and half free. Simply stated, we have attempted for two years now to balance and compromise between freedom and tyranny. We will never get anywhere until we definitely decide to let our constitution and Bill of Rights stand at it. Obey them. Then train the people to love the true form of democracy that our government was founded on.

Democracy is the only way for people to live together in any peace.

It seems that the school should be training the children along democratic lines more, you just listen in meetings and notice the thought in talks, class discussions, etc. then notice the leadership of so many, if you know a democratic way you will soon see most people think in only political terms that are contrary to democratic way. The only way I can account for this is, if you will remember prior to World War I, we sent our top students from our colleges to finish their education in Berlin, Leipzig, Vienna and many other universities that glorify the state. The teachers came back with their Ph. D.'s proud of their new learning to instill in our children. Of course these teachers are clever and have taken care to dilute their teaching. They know the psychology of educational propaganda—they have succeeded in confusing young men and women to doubt free society.

God and the passion for freedom has been banished from our literature, political order. When this is done, in spite of the knowledge of history, people are seeming to forget freedom and personal responsibility, and fail to make the fight they should for democracy.

We know that the world is divided now between two systems. One, the authoritarian prevails by force, and will not tolerate individual freedom. The other, the democratic prevails by reason.

HILLTOPPERS POSTWAR LIGHTING

Floodlighting of the Western Teachers college stadium at Bowling Green is nearing completion. According to officials of the General Electric Company, which is installing the lighting, Western's stadium will be the first college stadium in the United States to be lighted with the new post-war lighting specifications, the same

specifications planned for the lighting of Yankee Stadium in New York. The lighting of the field, a joint enterprise between Western and the Bowling Green City Board of Education, calls for seven 80-foot towers with eighteen 1500-watt floodlights on each.

Under the cooperative plan for lights, Bowling Green High has the right to play all of its home games in the stadium for a period of twenty years.

Murray's Thoroughbreds are scheduled to play the 'Toppers at Bowling Green on November 28 in an afternoon tilt.

High School Band Is Still Looking For New Uniforms

Murray High School band has literally outgrown its clothes and is still expanding. There are only 30 uniforms which are serviceable and there are eight years old and they are 50 boys and girls who are qualifying for the band this year.

Good material for uniforms is very scarce and expensive but every effort is being put forth to clothe the band boys and girls in a manner befitting their musical achievements and ability. The band personnel is hopeful of strutting in brand new "gold and black" by the middle of this season.

The following are candidates for the Murray High School Band for 1946-47:
Cornets—Ted Barnett, Buddy Buckingham, Thomas Lee Hopkins, Jimmy Jones, William Thomas Parker, Bill Sledd, Tommy Doran, Victor Orr, Tommy Parker, Donald Starks, Gene Wells, Jerry Williams, Bobby Cole, Gene Lovins.

Clarinets—Clegg Austin, Geneva Allison, Sarah Ruth Calhoun, Barbara Downs, Lockie Faye Hart, Jimmy Klapp, Don McDougal, Carolyn Melugin, Janet Smith, Mary Frances Williams, Patricia Futrell, Pattie Smith, Bobby Foy, Nancy Wear.

Trombones—Ronald Churchill Jr., Jerry Bynum, Noble James Knight, Frank Littleton.
Baritones—William McElrath, Gene Dunn, Hunter Love.
Saxophones—James Bondurant, Thomas Ed Adams, Gene Hendon, Horns—Bud Tolley, Edward Overby.

Percussion—Maurice Crass, Margaret Jean Humphries, Gerald McCord, Wanda James, Jean Wisheart, Jean King, Bill Parks.
Oboe—Jo Anne Love.
Flutes—Ann Curry, Ann Rhodes.
Basses—Joe Blalock, Bobby Hutchens, Oury Glenn Billington.
This year the band will be led by Jerry Williams, drum major, and Betty Lou Beach, Edna Earle Starks, Phyllis Farmer, Letha Lyons, and Letitia Maupin, m-

A.A.A. NOTES

BY Q. D. WILSON

Calloway County farmers are urged to carry out all the soil-building and water-conserving practices possible on their farms this fall. Q. D. Wilson, chairman of the County Agricultural Conservation committee, explained that there are still several fall conservation practices which farmers can carry out even if it is too late now to carry out practices they selected on farm plans last spring. The time was never more important for farmers to improve their land for efficient production he said. Both city people and farmers have a stake in soil and water conservation since it takes some three and one-half acres every year to produce all the food and most of the clothing for one person.

If you have trouble carrying out practices please let the committee know and they will be glad to help in arrangements to complete practices or substitute others for them. Practices which still can be carried out in the county this fall are: (1) establishing a winter cover of crimson clover, hairy vetch, annual ryegrass or a mixture consisting solely of these crops from seedlings made in the fall of 1946. (2) applying phosphate materials to eligible crops, and the use of liming materials. If you have not earned your soil-building allowance for 1946 we have an abundant supply of lime and phosphate. Come to the AAA Office any time for your order. There is also an abundant supply of rye-grass seed that should be issued soon. They will be issued to you against your soil-building allowance at the rate of \$8.00 per hundred.

The following small grain crop crop practice has been informally approved by the director of PMA for use under the 1947 program year. Small Grains—Establishing a satisfactory winter cover from seedlings of wheat, oats, barley, rye, or mixtures of these crops, made in the fall of 1946.

Credit Rate—Payment will be made at the following rates:
(a) Wheat, rye, or mixture of wheat—\$2.50 per acre.
(b) Barley or mixtures of barley, wheat or rye—\$2.00 per acre.
(c) Oats, or mixtures of oats, barley, wheat or rye—\$1.50 per acre.

Many Kentucky Wheat Growers Protected by Insurance
Unexpectedly and unusually heavy 1946 wheat crop losses in Kentucky have surprised both growers and Federal Crop Insurance officials according to M. D. Royle, director of the Kentucky State Office, Field Service Branch, Production and Marketing Administration.

Mr. Royle stated that wheat crop losses had been reported from 51 of the 53 counties in which Federal Wheat Crop Insurance contracts were written. In those counties, he said, premiums amounting to over \$40,000 were collected by county committees. In those same counties O. R. Wheeler, Kentucky State Director of Federal Crop Insurance, reports 550 notices of losses received to date. These loss claims average \$144.69 per case, Mr. Wheeler said, and will amount to more than double the premium paid.

The common wheat crop hazards, such as winter kill, flood, insects and disease are all included in the cause of the Kentucky losses, said Mr. Wheeler.

Passes State Board

Mrs. Gracie Tabers

It has been announced that Mrs. Gracie Tabers, owner of the Murray Beauty Shop, has passed the examination given by the State Board of Beautician Examiners, Frankfort, Ky. The passing of this examination gives Mrs. Tabers the permission to instruct students in her beauty shop or open a beautician school of her own.

She is one of the youngest to pass this examination and also received one of the highest grades made.

Mrs. Tabers owned a beauty shop in Sturgis, Ky. which she recently sold.

She is the wife of Bodie Tabers, owner of the Tabers' Radiator Repair Shop.

FLINT NEWS

Mrs. Rollie Bartlett of Paducah was guest of her parents, Mr. and Mrs. Harry Wood, last Friday and Saturday.

Mr. and Mrs. Arthur Jackson of Hardin spent last weekend with their daughter, Mrs. James Gilbert and family.

Mr. and Mrs. Roy Jackson of Paducah also were guests of his sister and family on Sunday.

Mr. and Mrs. Geobel Roberts received a message from their son, Pvt. Thomas Roberts, that he was crossing the Pacific this week.

Mrs. Norbert Wilkinson is sick and in the Clinic.

Mr. and Mrs. Sam Thomason spent last Friday with their daughter, Mrs. Laman Puckett, and family in Paducah.

Mr. and Mrs. Geobel Roberts and Mrs. Elmus Trevathan shopped in Paducah Friday.

MUCH TOBACCO PRIMED
Reports received at the Agricultural Experiment Station at Lexington indicated that many farmers primed tobacco this year, despite the generally favorable growing season. Areas of insufficient rainfall caused lower leaves to ripen early and made priming necessary for best results. Records gathered by the Experiment Station last year showed that some farmers added up to \$200 an acre to their tobacco returns by removing the lower leaves as they matured.

Now is the time to sign your Federal Crop Insurance application. The above statements are proof enough that no one in the county who sows wheat can afford to be without the insurance. The closing date for taking applications is September 28, 1946. Come to the AAA Office and sign an application before that date.

Eubert G. Hale, Veteran, Opens Eating Establishment

Eubert G. Hale, veteran of 13 months overseas, and three years and eight months in the Army, opened a new place of business yesterday under the name of Hale's Luncheonette.

Mr. Hale states that he will specialize in short orders and sandwiches, and will carry the usual line of goods such as cigarettes, drinks, and ice cream.

The business is located on Main Street, across from the Varsity Theatre, in the Cities Service Garage building.

A new item will be featured, the "Weiner Dun in a Bun." Pronto Pups, a nationally known product, Mr. Hale is married and has one child. His wife is the former Covala Broach. He now has his home on Murray Route 1, but plans to move to a home on 12th Street.

He invites his friends to call on him in his new business.

First Christian Observes Victory Sunday Services

As a climax to the 12-day Stewardship-Evangelistic Crusade, being conducted in the First Christian Church by the Rev. L. O. Leet, minister of stewardship of the East Dallas Christian Church, Dallas, Texas, Sunday will be observed as a Victory Day with every department of the Church School and of the church meeting in a combined service, at 9:30 a.m.

The entire congregation is urged to be present by 9:30 on Sunday morning for a 30 minute period of great hymns, anthems and other special numbers of music. As the congregation enters the doors, all who arrive by 9:30 will receive a white V for victory to wear in their lapels. At 10 there will be a recognition of the 100 per cent attendance classes, for the goal is 100 per cent attendance of the church school enrollment in each of the classes. Those who arrive in the church school between the hours of 9:30 and 10 o'clock will receive a blue V for victory to wear in their lapels. Immediately following the class reports a communion service and sermon will follow. All who arrive after 10 o'clock will receive a red V for victory to wear in their lapels. Mr. Leet will preach on the subject "Christian Consistent with Christ." Following the sermon a covenant service is to be held for every Christian, a service you cannot afford to miss.

Dinner will follow immediately the Covenant service with a cov-

ered dish affair to be held in the dining room of the Woman's Club house. While the congregation is still seated around the table a brief report of the Love-Offering for Brother Leet will be announced and the program for Christian Education for the next year will be presented.

This continuous service beginning at 9:30 in the morning is the only service that will be held in the church this Sunday, so you are urged to make the most of this inspiring service for God, officials of the church said.

The attendance for the Crusade have been excellent, and the real Victory will come this Sunday if every pew and chair is filled in the church," Rev. Robert Jarman, pastor, said.

ed and bound. Contained in these
volumes are documents relating to
the treatment of prisoners, the
use of enforced labor, the battle
of the Warsaw Ghetto, the enslave-
ment of Austria, Czechoslovakia
and Poland, and the work of Hit-
ler's propaganda machine. Here
are not the words of foreign ob-
servers but the actual words and
thoughts and attitudes of the Ger-
man leaders themselves and the
organizations through which they
worked. These messages and
papers leave no doubt of the prob-
able guilt of those on trial at
Nuremberg.

Complete Nazi History

These volumes begin with the
setting up of the International
Military Tribunal, the indictments
against the top Nazis and their
organizations, the means used by
the conspirators to gain control
of the German state, the embark-
ing upon the wars of aggression,
the specific criminal acts per-
formed, and a setting forth of the
indicated individual responsibility
of the defendants. Then comes
the weight of evidence in the
form of documents, messages,
copies of speeches, personal and
official letters, notes of confer-
ences, and drafts of statutes and
laws—all authentic translations
which all Americans may read.

The publication of these vol-
umes on "Nazi Conspiracy and
Aggression" is of historical signifi-
cance. Nuremberg was the first
International Military Tribunal
of its kind. Early in World War
II it was agreed that this time the
leaders who through their con-
spiracy and aggression brought on
the world conflict, would not es-
cape unscathed as in World War
I but would stand trial and pay
for their crimes. These printed
volumes will preserve the fruits
of that agreement. Contem-
porary writers of history will have
the documents and records avail-
able to them rather than tucked
away in archives of one particular
nation, accessible to only a few.

W.S.C.S. CIRCLES MEET TUESDAY AFTERNOON

The regular meetings of the circles of the Woman's Society of Christian Service were held Tuesday afternoon.

Circle one met at the home of Mrs. N. P. Hutson with Mrs. D. L. Divilbiss and Mrs. F. E. Crawford as co-hostesses.

Following a short business session conducted by the chairman, Mrs. Bryan Tolley, the devotional was led by Mrs. Jack Beale. The program was an interesting account by Miss Carolyn Vaughn of her recent trip to Lake Jmaluska where she attended the Methodist Youth Assembly. The closing prayer was a musical one by Mrs. L. J. Horton.

Refreshments were served to the 21 present.

Mrs. Vernon Stubblefield, Sr., Miss Mary Shipley and Mrs. F. B. Outland were hostesses to circle two at the home of the former.

Mrs. C. L. Vaughn presided and Mrs. Jesse Wallis led the devotional. The speaker was Mrs. L. E. Owen, and her subject was "Rural Methodists."

During the social hour contests were enjoyed. Refreshments were served to 19 members and two visitors.

Miss Alice Waters opened her home for the meeting of circle three and was assisted by Mrs. S. E. Tandy.

Mrs. V. E. Windsor conducted the business session. The devotional was led by Mrs. J. F. Dale. Mrs. E. W. Riley discussed "Libraries in Cabins" and Mrs. J. B. Farris subject was "Methodist Work in Mining Areas." The closing prayer was by Mrs. Max Hurt.

There were 14 present.

Mrs. G. B. Scott was hostess to circle four at her home.

The meeting opened with the singing of "What a Friend We Have in Jesus." The devotional was led by the chairman, Mrs. J. T. Sammons, and the prayer by the Rev. T. H. Mullins. The subject was "Rural Methodists" and was discussed by Mrs. Garnett Jones. The meeting was dismissed by the Lord's prayer repeated in unison.

The hostess served a party plate during the social hour.

SANDRA MCCLURE HONORED ON FOURTH BIRTHDAY

Miss Sandra McClure celebrated her fourth birthday with a party September 14 at the City Park. She received many nice and useful gifts with great excitement. Later a dainty plate was served to the following:

Charles, Phil and Linda Callis, Shirley Culppepper, Jackie Rose, Gert Rose Wilson, Jerry D. Graham, Sandra Fay Parks, Dwaine Taylor, Judy Ward, Dale Outland, Betty Zane Johnson, Rozetta and Geraldine Wilson, Margaret Ruth Crider, and Sandra McClure.

Mrs. Ryan Graham, Mrs. Lloyd Wilson, Mrs. Purdell Parks, Mrs. Joe Pat Ward, Mrs. J. D. Sullivan, Mrs. George Rose, Mrs. Tom Crider, Mrs. John T. Taylor, Mrs. Grayson McClure and Miss Wanda Treva-than.

PENNY HOMEMAKERS CLUB DISCUSSES CLOTHING CARE

The Penny Homemakers Club held its first meeting of the year in the home of Mrs. H. H. Bogges September 16 at 2:30 p.m. A short devotional was conducted by Mrs. Preston Boyd. Fifteen members and a swayed roll call with the "Attributes of a friend," four visitors, Mrs. Sammie Marshall, Mrs. John Brinn, Mrs. Elmo Boyd, and Mrs. Gene Cole, were present. Mrs.

The president, Mrs. D. J. Miller, resigned, to teach in the Dexter school. We regret to lose such a good club worker, but we commend her for giving her time to the training of young people. Mrs. John Armstrong was elected to take her place. Mrs. Noah Williams has been appointed Membership Bureau chairman of the Jackson Purchase, and presided at a district meeting at Paducah August 26.

Mrs. Jack Norsworthy gave the lesson in Clothing Trends. She said there would be a scarcity of yard goods for some time, also that shoes will be scarce and high, although a fairly adequate supply of hose is predicted.

Hose should have special care. Wash in lukewarm water and mild soap after each wearing, allowing at least 24 hours for drying.

All the ladies in the community are invited to the next lesson to be given in the home of Mrs. Everett Norsworthy October 21, at 2 p.m.

After the recreational period the hostess, assisted by Mrs. Garnett Loadman and Mrs. Ollie Workman, served a delicious party plate.

SHOWER FOR BAZZELLS

Mrs. Carrie Pierce, assisted by Mrs. Ruth Cloys and Miss Ruple Washam, honored Mr. and Mrs. Richard Bazzell with a household shower Saturday afternoon at the home of Miss Washam of Farmington.

Games were played, with prizes being awarded to Mrs. Harry Nance, Mrs. Carrie Edwards and Mrs. Mary Mangrum.

Many nice gifts were received and opened. Refreshments were served to the following:

Mrs. Mary Thompson, Carrie Edwards, Dennie Washam, Nell Housden, Lizzie Osborn, Mary Mangrum, Charlene Mangrum, Effie Grant, Mrs. Cunningham, Carrie Fisk, Larene Rose, Barbara Kate Johnson, Ola Boyd, Allie Pigg, Gussie Usher, Charlene Beards, Jeffie Bazzell, Bill Cope-land, Beulah Pullen, Louise Pullen, Omeria Colley, Elsie Boyd, Edith Brent, Hollie Jones, Juliette Hargrove, Wade Barnes, Margarett Colley, Danny Holt, Will Morgan, Harry Nance, Yelma Cloys, Essie Evans, Minnie Evans, Gladys Shelton, Leona Bagwell, Martha Colley, Christine Smith, Mary Stokes, Nona Ann Brent, Howard Grant Cloys, David Colley, Miss Arlene Yates, and the hostesses, Mrs. Pierce, Mrs. Cloys and Miss Washam.

These sending gifts but unable to attend were Mesdames Hazel Adams, Cecil Beaman, D. M. Turner, Opal Wilfred, Mary Joe Wilfred, Charlene Cloys, Ila Francis McNeely, Mrs. Luther Cobb, Mrs. Billie Morgan, Jack Jiles, Mrs. Charlie Pierce, Laura Mayfield, Mrs. George Jones, Mrs. Homer Edwards, Mrs. Harley Cloys, Mrs. James Jenkins, Linda Watson, Raymond Crittendon, Leona Dunaway, Anna Lee Hamlet, Betty Piper, Mrs. Elliott, Mrs. Charles Grant, Nannie Andrews, Mr. and Mrs. Bill Hall, Vivian Sue Grant, Rachel Mathis, Ruth Colley, Emma Colley, Alma Bennett and Rhoda Cloys.

Mrs. Bazzell was formerly Miss Dell Pierce of Kirksey.

Miss Barbara Bonner and Morton Fosberg Are Wed In Washington, D. C.

Mr. and Mrs. Arden P. Bonner announce the marriage of their daughter, Barbara Ann, to Morton Fredric Fosberg, son of Dr. and Mrs. Albert Fosberg of New York.

The wedding was solemnized September 4 in Washington, D. C., home of the groom's brother, Lt. Col. Irving A. Fosberg. For his wedding ensemble the bride wore a Henri Rosenfeld original set off by moss green accessories and a Kentucky derby hat.

The bride is a graduate of Murray High School and attended Whitworth College for Women and Murray State. She is a former Barbizon photographic model.

Mr. Fosberg was graduated cum laude from the College of the City of New York where he received his B.S. degree and from Columbia University where he received his M.A. and Ph.D. residence. He is a member of the American Sociological Society and American Statistical Association.

The couple is now at home at 295 Wadsworth Avenue, New York.

THE GARDEN

WINTER VEGETABLE STORAGE, II

By John S. Gardner, Kentucky College of Agriculture and Home Economics

Dry air and a temperature not lower than 50 degrees are necessary in the storing of "warm" crops.

In a basement where there is a furnace, dryness and proper warmth are assured by putting the sweet potatoes and the cushaws on shelves hung just under the rafters, or in bushel baskets hung by their handles on spikes driven into the rafters. Here there will be enough movement of air to ventilate properly.

A closet next to a chimney flue is excellent, provided the door is opened for a half hour or so whenever the air smells stale. Likewise, boxes of sweet potatoes, covered with carpet or sack to hold the warmth overnight, may be piled about the chimney flue in an attic. Packing with sand or sawdust helps to hold heat, and so does wrapping the potatoes individually in newspaper. The latter also helps to prevent the spread of any rot that may be present in the potatoes. The floor over a room in which a fire is kept is a good place to store boxes or baskets of sweet potatoes, but covered with sack to bridge over the night.

Returning to the basement, a room without a furnace may be used, but some heating means must be provided. Also, there should be a way to change the air when it becomes musty or when moisture gathers on the ceiling-joists. If there is a chimney opening, it may be opened to serve as the outlet and to draw in fresh air; sucking may be hung across a doorway into another part of the basement to clear the floor by 3 inches, with a coal oil heater or a lantern placed just inside to warm and dry the air as it passes. Where no chimney opening is provided, the doorway covering should have a 3-inch opening both at the top and at the floor.

KEEP UP-TO-DATE WITH

Betty Rose

FDEA Representatives From 13 West Kentucky Counties To Meet In Murray

Educators from Chicago, Montclair, N. J., and Lexington, Ky., are listed as speakers for the 62nd annual session of the First District Education Association Friday, October 11, at Murray State college.

D. Talmadge Cooper, principal of Washington junior high, Paducah, is president of the FDEA, an organization of 1200 teachers in 13 west Kentucky counties. W. L. Holland, superintendent of Fulton city schools, is vice-president of the group and M. O. Wraether, staff member of Murray State college, is secretary-treasurer.

Also included on the board of directors are Adron Duran, Wingo; T. C. Arnett, Sedalia; C. E. Henry, Madisonville; J. O. Lewis, Mayfield; and L. J. Horton, Murray.

Counties included in the FDEA are Fulton, Hickman, Carlisle, Bal-

lard, McCracken, Marshall, Calloway, Crittenden, Lyon, Caldwell, Trigg, Livingston, and Graves.

Dr. Bernard Iddings Bell, consultant to the bishop of Chicago on education, Episcopal church, Chicago, Ill., will address the general session in the morning. President Cooper announced Dr. Roy Hatch, author and instructor, Montclair, N. J., will give a demonstration in teaching at 1:15 p.m. Dr. Maurice Seay, department of education, University of Kentucky, Lexington, will speak in the morning on the subject, "Using Kentucky's Resources."

Mrs. Huie Attends Chicago School of Design

Mrs. Eaf Huie has returned from Chicago where she spent an interesting two weeks attending Tommy Bright's School of Floral Design. Tommy Bright, America's leading teacher of floral design, and her associate, William Kistler, were assisted by the following outstanding floral artists: Henry Forster of Detroit, Benny Hubbard of New York, John Welter of Wilmette, Ill., Eddie Behrens, Eugene Daudelin, Edward and Marie Gould, Helen Kirby, and a number of others, all of Chicago.

Mrs. Huie returned to her florist shop in Murray with a number of new ideas and practical helps for better funeral work, corsages and correct bridal bouquets, and novelties for special occasions.

James and Harold Bennett of Lyon county won first prize on 4-H club light and heavy pens at the tri-state show at Evansville, Ind.

Fourteen farmers near Morgantown, Butler county, have asked for Bang's disease test for 220 cows and calves.

Ex-Service Men's News

The Veterans Administration today began a survey of the 6,936 Kentucky veterans enrolled in on-the-job training under the G.I. Bill so that by January 1, 1947, it expects it will be paying no subsistence allowances to veterans unless they are in courses that meet the requirements of recent legislation (Public Law 679). The 1,185 disabled veterans in schools and on-the-job training under the Vocational Rehabilitation Act are not affected by Public Law 679. VA officers making the survey will study all veterans in on-the-job training to see whether their courses "qualify as apprentice training for whether they meet the requirements of the legislation. Veterans will not be removed from courses while the study is being made.

Income Report Required
Plans for handling the limitation on subsistence allowances also will apply to the 8,877 Kentucky veterans now in State schools and those who will enroll later as well as to veterans in on-the-job training, apprenticeship training and cooperative training. Veterans who have received August 31 checks already have been notified to report their August, September and October earnings to VA by November 5. If they do not report by November 12 they will be notified that their subsistence allowance checks will be stopped until they get the necessary information.

General Omar N. Bradley, Administrator of Veterans Affairs, has reminded VA staffs in connection with the survey that subsistence allowance was intended to provide the trainee with "a measure of support during his education or training status. It is not a pension, compensation or a bonus. The law does not contemplate that the Government would defray the entire living costs of the veteran or his family."

Paris Taxi Driver Killed On Return Trip From Murray

Robert Canter, 26 year-old driver for the City Taxi Company, Paris, Tenn., was killed when his cab crashed into a culvert on the Paris-Murray road Monday night about midnight, and his body lay in the smashed automobile until it was discovered at about two o'clock Tuesday afternoon.

Waddell McIntosh, owner of the cab company, said that Canter left Paris at 9:37 o'clock Monday night bound for Murray with a carload of passengers. It was on the return trip alone that he met with the fatal accident.

The wrecked automobile had been seen by many passers since early morning, but evidently no one knew the driver had been killed and that his body was still in the wreck. Finally, an unidentified man walking along the highway looked in the automobile and discovered Canter's body.

He hailed a passing motorist who stopped in Paris and notified the taxi firm of the accident.

McIntosh said that he had been trying to locate Canter since early Tuesday morning when he failed to return from his trip. A telephone call to Murray revealed that the driver had delivered his fares in that city and had started back to Paris alone.

An inspection of the accident scene revealed that a blowout caused the car to swerve off the road and hit a concrete culvert-dead center. The car was completely demolished.

Canter's body was badly mangled and it is surmised that he must have been killed instantly.

Canter was the son of Mr. and Mrs. Charles Canter, 310 Roston street. He was unmarried, and had been employed as a driver for the City Taxi Company since it was organized by Waddell McIntosh 15 months ago.

McIntosh said that the accident was the first his firm had suffered since being organized.

Mr. and Mrs. James C. Williams, Broad Street, are the proud parents of a son, James C. Williams, Jr., born September 16.

Mr. Williams is the general manager of the Ledger and Times and a son of W. P. Williams, well known local publisher. He served in the European Theatre as a captain with the First Army during the war.

Their many friends will be glad to know that Mrs. Williams and the baby are both doing nicely and will return home today.

Murray Teachers Broaden Study of Training Problems

Believing today's teacher in elementary schools is faced with the challenge of building a program of education based on community needs and resources, Murray State college instructors are striving to broaden their approach to teacher training problems.

Today the social, mental, physical, and emotional needs of children receive equal emphasis. How Johnny feels about people and things is considered when planning instruction, with the usual result that he absorbs more and school becomes an exciting place.

To further its program to teach teachers as they should instruct children, Murray recently offered a course entitled, "Building a Program for Elementary School" in which teachers lived and worked together for five and one-half weeks. Organized into committees, they planned—as their students are expected to plan—devotional, housekeeping tasks, social activities, and operation of the library. Officers were elected to arrange routine matters.

Field Trips Made

Groups were organized to study reading problems, social problems connected with the community, problems facing Kentucky, the wise use of resources, ways of improving the living standard, health measures, and the development in children of a sense of values and of reverence. Arts and crafts, including poetry, songs, finger painting, lettering, design, and stenciling were studied and trips were made to Kentucky Dam, to elementary schools, and to local industries and farms.

Visiting consultants who assisted with the course included Dr. Alice Chenoweth, Kentucky Health Department; Misses Mary Lou Williamson and Louise Combs and Dr. R. E. Jagers, State Department of Education; Misses Virginia James and Genevieve Pickup and Clifford Seiber, TVA; Miss Mary Swain; and Glen Blough, U. S. Department of Education.

The course was directed by Miss Rubie Smith, assisted by Dr. Annie Ray, Misses Lotfy Sulter, Marjorie Palmquist, Bethel Fite, and Mrs. Dorothy Rowlett, of the college faculty.

George Baker Now Stationed In Japan

With the Eighth Army in Japan (Delayed)—Former Murrayan Pfc. George M. Baker, the 19 year old paratrooper son of Mr. and Mrs. George Baker, 14 Maplehurst Park, Knoxville, Tenn., is now stationed at Camp Schimmelpfennig near Sendai, Japan with Headquarters and Service Company of the 127th Airborne Engineer Battalion of the 11th Airborne Division. He is in charge of all the water supply for the 11th Airborne Division. He makes the tests on the water for the proper chlorination content, checks the equipment for defects and installs new chlorinators at the different water points in northern Honshu and Hokkaido Islands, Japan.

Baker has been with the 127th Airborne Engineers since November 1, 1945, when he volunteered for parachute jump training shortly after landing in Japan at the Replacement Depot Yokohama.

He took his training at the 11th Airborne's jump school at Yanome Airstrip with the 10th class. He made his fifth and qualifying jump on January 28 of this year to win the silver parachute wings of a United States Paratrooper.

Baker spent a year at Ohio State University under the Army Specialized Training Program before he entered active service on May 1, 1945. He recently took an eight-week course in carburetor and ignition repair at the Engineer School at Manila in the Philippine Islands.

New Radio Station Opened At Mayfield

The new Mayfield radio station WTKM was dedicated Sunday, September 15, with a program broadcast from the Mayfield high school auditorium.

The dedication, heard by many residents of Murray, lasted two and a half hours. Principal speakers for the opening were Congressman Noble J. Gregory, Judge J. E. Warren and County Attorney Farland Robbins. Station WTKM is found at 1050 on the dial.

Awards Listed For Annual Soil Essay Contest

Prizes totaling \$1,500 will be awarded the Kentucky high school and grade students who win the 1946 Soil Conservation Essay Contest, Barry Bligh, president of The Courier-Journal, The Louisville Times and Radio Station WHAS announced yesterday.

Conducted annually since 1944, the contest is sponsored by the two papers and the radio station in cooperation with The Kentucky Association of Soil Conservation District Supervisors.

To enter the contest every qualified student should write an essay, not exceeding 1,000 words on "Why A Soil Conservation Program Is Important To Kentucky". Special emphasis should be placed on the importance of soil as compared with other natural resources and the need for soil conservation district help in this program.

Prizes Are Bonds
The three state prizes will include Savings Bonds of \$100, \$50 and \$25. In addition, a \$25 Savings Bond will be given the winner of the best essay from each of the soil conservation districts in which at least five essays are submitted.

State awards will be made at the annual Home and Farm Campaign — Tom Wallace Forestry Award—Soil Conservation Essay Contest luncheon-broadcast held in Louisville.

Last year's State winners were: James Stewart Gray, Ky., Sinking Fork High school, Christian County Soil Conservation District, first prize; Ruth Boyles, Tompkinsville, Ky., Tompkinsville High School, Monroe County Soil Conservation District, second prize, and Avalon Skaggs, Hodgenville, Hodgenville High School, Laclede County Soil Conservation District.

"Last year 4,635 wrote essays on why there is such need for soil conservation in the state," Threlkeld commented yesterday. "This was an increase over the previous year and we hope that there will be still more contestants in 1946."

Need for Control
"In many places in Kentucky the top foot soil which took nature not less than 10,000 years to form, is being washed away in one generation. A course of study on soil conservation in the state has brought out to the students the fact that control of this situation has great bearing on the future of Kentucky."

Background material for the contest may be secured from county agricultural agents, vocational agricultural teachers, soil conservation service technicians, College of Agriculture, University of Kentucky, and the experience of local farmers.

For contest information write to J. M. Wynn, in care of The Courier-Journal, The Times and WHAS, Louisville, Ky.

SOMERSET CITY COUNCIL ACTS ON PARKING METERS

The city council of Somerset, Ky., passed a new city ordinance last week regulating the installment of new parking meters. Somerset, one of the many towns in Kentucky adopting the meters, has made special arrangements for meters near Post Offices and such public places where short parking limits are the rule.

The entire business section of the city is to be serviced with the meters.

Shortage Created In Teacher Field Without OPA Aid

The teacher situation in every Kentucky community is the most critical in more than 15 years with little immediate hope of improving, according to Director M. E. Ligon of the University of Kentucky Teacher Placement Bureau.

Prof. Ligon cited these conditions as responsible, directly or indirectly, for the shortage:

1. Comparatively low salaries in the teaching field.
2. More attractive salaries elsewhere.
3. The return to studies by teacher-veterans taking advantage of the educational provisions of the GI Bill of Rights.
4. Critical housing shortages in most communities.
5. Many wives who had been teaching have returned to home-making.

The supply of older teachers, who formed a backlog during the early days of the war, has been almost exhausted, he said. All in all, the bureau has only about one registrant for every 100 calls for teachers.

"However, the University seems to have turned the corner in a declining interest in preparation for teaching," Prof. Ligon declared. "From 1940-44 there was a constant loss of enrollments in teacher education, but during the past two years there has been a gradual increase."

"This does not necessarily mean that the University will have more teachers available during this school year or when schools open again next autumn," he explained. "The increase is noted generally in the lower classes—freshmen and sophomores—and it will be another year at least before the situation begins to improve and we are not expecting it to level off anywhere near normal before 1950."

Alfalfa is reported by farmers in Pike county as being the most reliable hay crop, three good cuttings having been made in many instances.

UK Pins Hopes On Paul Bryant

Coach Paul "Bear" Bryant, the man picked to lead the cellar-dwelling Kentucky football team back up the rungs of the Southeastern Conference ladder, has been named by southern coaches as one of the most promising young grid mentors in the country. Bryant's record since leaving the University of Alabama bears out this belief.

Bryant spent the first four years after graduation from Alabama as an assistant there to Frank Thomas, and for two years prior to the war he assisted Ray Morrison, head coach at Vanderbilt.

With the coming of hostilities, Bryant found himself in the Navy. His obvious talents were recognized and he was made head coach of the North Carolina Pre-Flight team.

Due to his record at North Carolina, Bryant was snapped up on discharge by the University of Maryland and gave them the most successful season in years. A more lucrative offer from the University of Kentucky caused him to leave Maryland over the protest of several thousand students who staged a short-lived sit-down strike until asked to return to their classes by Bryant.

JOE T. LOVETT ADDRESSES ROTARIANS LAST THURSDAY

The Murray Rotary Club met at the Woman's Club House last Thursday, with President Alvin G. Gibson presiding. After the usual well prepared meal, the guests and visiting Rotarians were introduced. Bryan Royster, Sebree, Ky., former representative from Webster County was the guest of Judge Pink Curd, J. E. Humphries of the Poultry Department of the University of Kentucky was the guest of S. V. Foy, county agent, and Rev. L. O. Leet, Dallas, Texas, was the guest of A. B. Aystin.

Earl Littleton introduced the speaker for the day, Joe T. Lovett, prominent citizen and executive director of the Mid-South Chain Stores. Mr. Lovett had as the subject of his talk, "Balance makes the Wheel Go Round". He brought out the point that more present day civilizations have no middle class to speak of, but only the high and low classes. More balance in civic clubs and other organizations will bring about a better understanding and a better spirit of cooperation, he said.

NOTHING IS WRONG WITH TIMING OF HIGHWAY DEPT.

Officials of the Kentucky State Highway Department took a look at a historic covered bridge across South Licking river near LaGr, Ky., last week and decided it was no longer safe. Although the bridge had been in continuous use since 1870, an order was issued condemning it.

Within 30 minutes after the order was issued the bridge collapsed and fell into the stream.

Madame Perkins Is Back

Those who have noticed how our democratic form of government has taken care of the "faithful" during the last generation will not be surprised in the least to learn that Madame Perkins, former secretary of labor, is now one of the three members of the Civil Service Commission. The fact that her services during thirteen years as a member of the cabinet were displeasing to both labor and industry does not seem to enter into consideration when it comes to finding another position at \$12,000.00 a year for life, just \$3,000.00 a year less than she received before. If a Tennessee voter had time to visit Washington and study the roster of the federal bureau payroll he would be surprised to see too many names of people he thought the taxpayers had been relieved of years ago. In fact it seems that when one once gets identified with the "power that be" he will be taken care of in a lucrative capacity for the rest of his life.

The voters of Mississippi once thought many years ago they were through with Bilbo when they repudiated him at the polls after having brought his native state nearer the verge of bankruptcy than it had ever been in all its history, but he bobbed up in Washington in a job that paid him more than the Mississippi voters paid him as governor. And he hasn't lost a day's pay since!

We know nothing about Madame Perkins' fitness for the place she has just received at the hands of President Truman. We do believe, however, that there are several thousand Democrats, both men and women, who never received a day's pay from the public treasury who could fill the place just as well, and it is our idea of democracy that the emoluments of government should be divided among as many people as possible rather than concentrated in the hands of the few chosen favorites.

Boss Ed Crump of Memphis shocked newspaper reporters in Chicago last week by predicting a Republican will be elected president in 1948. If his prediction proves correct it will be due, in large measure, to the practice of the administration of insisting on maintaining in office so many people the voters have repudiated or disapproved.

"It is not necessary that business and industry make such profit that they can maintain tremendous lobbies before Congress and our State Legislatures, control political conventions and spread their propaganda." Statement made by Van A. Bittner, National Director CIO Organizing Committee. Odd, but that seems the present day aim of the CIO.

Geography Lesson

A group of would-be map changers in one of our neighboring states is warming up to the task of changing the name of Kentucky Lake. Suggested so far are "Tennetuck," "Tenny-Kucky," and "Tenn-Kucky." We hope they eventually work up to the Mississippi River. "Minnny-Kenny-Tenny-Missy-Hly-Louissy-Arky" would be downright cute.

The subject of this essay is school teachers, but I'm going to begin it with a story about horses. When visiting Louis Bromfield, the novelist at his farm in northern Ohio some months ago, I suggested the author, "Let me take a photograph of him for distribution through my New York office." "All right," he assented. "What kind of a shot do you want?" "How about posing with a horse?" "Horse, hell! Why there are seven riders in heavy duty machines, but no rider on a true ride over by 640 acres on a tract of land that is a true knowledge of a thing a horse can do that a tractor can't do."

Machines are taking the place of both man and beast in about nine fields of work out of every ten, but thus far nobody has invented a mechanical device to take the place of a school teacher. And my guess is that nobody ever will. Our supply of teachers is gradually decreasing. It is reported that nearly half the number of country school teachers in Kentucky hold emergency certificates. There will be more and more this year for rural schools than in the past, due to a lift in taxes but the average salary increase will not cover wartime and post-war increases in the cost of living. With prices of nearly everything rising all the time, a 25 per cent increase in teachers' salaries will not check the drift of teachers into other fields of endeavor.

The Memphis Commercial-Appeal, alarmed over the situation in Tennessee, says enrollment of students for teacher-training fell off in Tennessee colleges from 3586 in 1940 to 1207 in 1946. At a teachers' college in San Diego, Calif., only 10 per cent of

To The Ledger and Times
Dear Editor:

Since the issues concerning the leadership of the First Baptist Church have been so widely publicized, both in the press and by anonymous letters through the mail, and heralded from the pulpit by the pastor, since I have been so grossly accused and publicly denounced in a vindictive utterance which was not prefaced by one word of Scripture or justified by the teaching of the Word of God, and was a fabrication of falsehood, exaggeration, misrepresentation, and contemptuous ridicule; and further, that insult has been added to injury by a deliberately planned effort to deny me the opportunity to answer the charges, defend my stand, or vindicate my integrity of purpose; and further, since the general public is always inclined to accept a minister's statement above others, thus honoring his holy calling, until bitter experience forces them to a conclusion otherwise; and further, since the thinking of many persons tends to believe anything, however false, until there is an emphatic denial; and finally, at the request of those who have an abiding confidence in my integrity, and feel that others' faith will be strengthened by this vindication, I hereby deny the utterances made against me as false, misleading, and exaggerated, and the fragments of truth therein altogether misinterpreted and contorted for the sole purpose of exciting myself by defaming others, and resorting to mob psychology to inflame his hearers. Yet Michael the archangel, when contending with the devil he disputed about the body of Moses, durst not bring against him a railing accusation, but said, "Lord rebuke thee." I further deny the charge that I have been a member of the First Baptist Church of Murray, Kentucky, more than twenty years under the pastorate of H. Boyce Taylor, and continuing through the pastorate of Brethren J. E. Skinner and Sam P. Martin, and until September 11, 1946, in the present pastorate, at which time, together with Deacons R. H. Falwell and R. W. Churchill, I was relieved of all official duties as a prospective member of the church, and I was baptized in the church at the age of twelve. I have held continued membership since. For almost sixty years among this people, in which I shared the common lot of all mankind, providing for my household and serving my community as a prospective member of the church, I have earnestly sought to fulfill the Divine Formula. "He hath showed thee, O man, what is good, and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God." Matthew 23:23. "But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ, he is not of God." 1 John 4:7. "I desire to see with all mine heart, mind, and strength, to keep his commandments, that I may abide in his love, that I may know that I am in his love, as he has loved the world, that I may bring forth much fruit to the glory of the Father." John 15:3. "I am a man of peace, and I have peace with all men." Romans 12:18. "I am a man of peace, and I have peace with all men." Romans 12:18. "I am a man of peace, and I have peace with all men." Romans 12:18.

Further, I humbly point to almost forty years of official capacity in the First Baptist Church of Murray, Kentucky, more than twenty years under the pastorate of H. "I am a man of peace, and I have peace with all men." Romans 12:18.

Further, I humbly point to almost forty years of official capacity in the First Baptist Church of Murray, Kentucky, more than twenty years under the pastorate of H. Boyce Taylor, and continuing through the pastorate of Brethren J. E. Skinner and Sam P. Martin, and until September 11, 1946, in the present pastorate, at which time, together with Deacons R. H. Falwell and R. W. Churchill, I was relieved of all official duties as a prospective member of the church, and I was baptized in the church at the age of twelve. I have held continued membership since. For almost sixty years among this people, in which I shared the common lot of all mankind, providing for my household and serving my community as a prospective member of the church, I have earnestly sought to fulfill the Divine Formula. "He hath showed thee, O man, what is good, and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God." Matthew 23:23. "But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ, he is not of God." 1 John 4:7. "I desire to see with all mine heart, mind, and strength, to keep his commandments, that I may abide in his love, that I may know that I am in his love, as he has loved the world, that I may bring forth much fruit to the glory of the Father." MRS. MARY DALTON HONORED ON 80TH BIRTHDAY

Mrs. Mary Dalton who was 80 years old Monday, was greeted by relatives and friends at her home Sunday and a bountiful dinner was served on a long table out in the shade of the trees. She received a lot of nice presents.

Those present were Mr. and Mrs. Bud Taylor and daughter and husband of Paducah, Mr. and Mrs. Tom Taylor, Mrs. Ellen Gooch, Mrs. Eunice Luter, John Gooch, Mr. and Mrs. Taylor Gooch, Mr. and Mrs. Claude Gooch, Mr. and Mrs. Luther Gooch, Mr. and Mrs. Verble Taylor and family, Miss Glenda Cunningham, Mr. and Mrs. Coy Orr, Miss Lula and Iva Garner, Mr. and Mrs. Less Dalton and children, Carl and Judy Kay; Mr. and Mrs. Charlie Erwin and daughter, Yerna Nellie, Mr. and Mrs. Charles Hugh Erwin and baby, Mr. and Mrs. Toy Spann, Mr. and Mrs. Marie Spann, Cecil Spann, Paul Lassiter, Miss Johnnie Jones, Mr. and Mrs. Porter Lassiter, Mr. and Mrs. Arthur Lassiter, Mr. and Mrs. Cratie Paschall, Mrs. Clover Scarbrough, Mrs. Cordie Whitlow, Miss May Dalton and Mrs. Mary Dalton.

BETROTHAL ANNOUNCED

Mr. and Mrs. Howard Mottley Brummal of Clinton, Kentucky, announce the engagement and approaching marriage of their daughter, Wilma June, to Frank Lackey Belote, son of Mr. and Mrs. B. N. Belote of Mayfield, Kentucky.

Miss Brummal attended Murray State College, Murray, and is a graduate of Central High School in the class of 1943.

Mr. Belote attended George Washington University, Washington, D. C., where he was a member of Sigma Chi Fraternity. He served as a pilot in the Army Air Corps for 36 months and is now employed by the Purdum Hardware Co. of Murray.

The wedding will be solemnized early in October at the First Methodist Church, Clinton, Kentucky, with the Rev. E. V. Underhill, pastor, officiating.

MISS CORINNE WILLINGHAM WEDS MILLARD E. SHAW, JR.

In a beautiful ceremony read Saturday evening at five o'clock, August 31, in the garden at her home, Miss Corinne Willingham of Bardwell, Ky., daughter of Samford A. Willingham of Salem, Ill., and Millard E. Shaw, Jr., son of Mr. and Mrs. Millard E. Shaw of Hickman, Ky., were married. The Rev. John Porter of Humboldt, Tenn., officiating.

The garden was beautifully decorated with greenery and large baskets of white gladioli. The couple stood under a wedding arch which was entwined with plemous while pledging vows. Miss Mary Alva Elliston, pianist, played the traditional wedding marches, and Miss Carolyn Sue Steinbeck sang "I Love Thee" Grieg and "Because" Handel, preceding the ceremony.

The bride, who entered on the arm of her father, wore an original model gown of white lace designed by Olie Chapman. The tight fitting bodice was fashioned with a deep round neckline with an off-the-shoulder effect, long pointed sleeves and full skirt. Her

finger tip veil of French illusion was fastened to a halo of flowers. She carried an arm bouquet of white roses and tuberoses showered with satin ribbon and stephanotis.

The bride's five attendants were gowned alike in dresses of taffeta and net skirts, made with short sleeves, sweetheart necklines and pletums.

Miss Anita Willingham, maid of honor and sister of the bride wore blue taffeta, and carried an arm bouquet of red roses, and bridesmaids, Miss Mary Todd Willingham, sister of the bride, Miss Dorothy Robinson, Miss Martha Swann Shaw, sister of the groom, and Miss June Brummal, wore identical dresses of yellow taffeta and carried nosegays and asters and painted daisies tied with multi-colored satin ribbon.

James Shaw of Hickman, Ky., brother of the groom, was best man and groomsmen were Frank Belote, James Mitchell, Tom Stephenson, and J. C. Bondurant.

Mrs. R. O. Willingham, grandmother of the bride, wore a black crepe dress with black accessories and a corsage of gardenias.

Mrs. Shaw chose for the wedding of her son, a black crepe dress with black accessories and a corsage of gardenias.

A reception in the garden was held after the ceremony. Miss Jean Samuels presided at the punch bowl and Miss Mary Key Harlan and Miss Mildred Ann Erwin served the three-tiered wedding cake.

The couple then left for Memphis, Tenn., with Mrs. Shaw wearing a smoke grey gabardine suit with black accessories and a purple orchid corsage.

Mrs. Shaw graduated from Murray Training School and attended Murray State College, where she was prominent in campus activities.

Mr. Shaw graduated from Hickman School and attended Murray State College. He served in the United States Army for four years.

They will make their home in Hickman, Ky.

Out-of-town guests were: Mrs. E. B. Vaughan, New Orleans, La., Miss Mary Kathryn Via, Fort Knox, Ky., Miss Grace Hill, Fulton, Ky., Mr. and Mrs. Vernon Stubblefield, Murray, Ky., Miss Virginia Cocke, and George Everette, Wickliffe, Ky., Miss Margaret Jones, Paducah, Ky., and Mr. and Mrs. Tom Moore Williams, Murray, Ky.

MISS MINNIE OLA BUCHANAN, HAROLD CHAPMAN ARE WED

Miss Minnie Ola Buchanan of Chicago, Ill., was married to Mr. Harold Chapman of Fulton, Ky., Sunday, September 8, at 4:00 p.m. in the First Methodist Church of Murray.

The impressive double ring ceremony was read by the Rev. T. H. Mullins, Jr. in the presence of a small group of close friends and relatives.

The only attendants were Mr. and Mrs. Thomas Buchanan, brother and sister-in-law of the bride. Mrs. Chapman is the daughter of Mr. and Mrs. Tom Buchanan of Murray.

Mr. Chapman is the son of Mr. and Mrs. Hursel Chapman of Fulton.

The bride was dressed in a light grey, two piece dress with black accessories and wore a corsage of white chrysanthemums and white tube roses.

Mrs. Buchanan wore an aqua blue suit with black accessories and a corsage of pink carnations and blue hydrangeas.

Out of town guests for the wedding were Mr. and Mrs. Hursel Chapman, Misses Bertha and Sue Chapman, and Miss Betty Williams, all of Fulton, and Mrs. Beula Drey of Louisville.

Following an unannounced honeymoon the couple will make their home at 3140 North Sawyer Avenue, Chicago, Ill.

Adequate Service Depends on Adequate Earnings

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings continue to go down rapidly. The reason is perfectly clear. While your telephone rate has remained the same for many years, the costs of furnishing your service have increased. Wages, building costs, telephone materials, services, all have been going up so fast that—

The amount of money Paid Out to provide service is increasing faster than the amount Taken In. Actually telephone earnings today are the lowest in our history!

It is basic with any business that good service depends on reasonable earnings. To render good telephone service and to continually improve and expand it, reasonable telephone earnings are essential.

- 1 The amount of money Paid Out to provide telephone service is increasing faster than the amount Taken In.
- 2 Telephone earnings are the lowest in history.
- 3 Reasonable telephone earnings are essential to good telephone service.

TROOP 2
The intermediates of Girl Scout Troop 2 met Monday with Mrs. Lewis Drake and Mrs. Harold Gilbert in the basement of the Methodist Church. It was the first meeting of the season. The meeting came to order at 3:30. We organized the three patrols and

named them. We elected an assistant for each patrol and a scribe, Ann Curry, and secretary, Mary Hopkins, for the troop. The patrols were named Mountain Laurel, Star of Bethlehem and Forget Me Not. We also made invitations inviting mothers to a meeting of Troop 2 mothers on Thursday afternoon at 2:30 at the home of Mrs. Drake. The meeting closed with a good night circle.

RUPTURE

Expert Coming To Mayfield Again
GEO. L. HOWE
Well-known expert of Indianapolis, and ex-U. S. Army Medical Corpsman, will personally demonstrate his method without charge at the Hall Hotel, Mayfield, Wednesday, Sept. 25, from 10 a.m. to 2 p.m.
Mr. Howe says the Howe method contracts the openings in remarkably short time on the average case, regardless of the size or location of the rupture, and no matter how much you lift or strain, and puts you back to work the same day as efficient as before you were ruptured.
The Howe Rupture Shield has no leg strap; waterproof, sanitary, practically indestructible, and can be worn while bathing. Each shield is skillfully molded and fitted to the parts under heat, which gives a perfect fit and satisfaction.
Large and difficult ruptures following operations especially solicited.
Do not overlook this opportunity if you want gratifying results. Mailing address P. O. Box 5233 E. Michigan St. Station, Indianapolis, Ind.

TROOP 6
A meeting of Troop 6 was held in the office of the Murray Chamber of Commerce on Thursday, September 12. Our new leaders, Miss Madge Patterson and Mrs. Modena Hackett, were present. We organized our patrols and elected officers.
The Blue Bird Patrol selected Nancy Wear, president; Janet Smith, vice president; Lechie Fay Hart, secretary; and Betty Sue Hutson, treasurer. The Purple Violet Patrol selected Peggy Turner, president; Carolyn McLaughlin, vice president; Kay Weatherly, secretary and Letha Lyons, treasurer. Frieda Jones was named scribe for the two patrols. Plans have been made for the next meeting.

CONVEYANCES FOR AMPUTEE VETERANS

Application forms for amputee veterans for use in obtaining cars under the \$30,000,000 program recently established by Congress, are limited to those veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle." The forms may be secured from any VA office or contact representative, with full information as to the established procedure in procuring the vehicle.

To avoid any misunderstandings of Public Law 663, VA stresses these facts:

1. The total purchase price, including any tax and all special attachments, cannot exceed \$1,600, nor can the veteran pay the difference for a more expensive car.

2. Veterans cannot be reimbursed for cars purchased prior to this act.

3. The veteran must conform to the state licensing regulations, and his eligibility for driving has to be adjudicated by VA.

4. The veteran must be separated from service and his claim completed by June 30, 1947.

Under this program, the veteran may apply for a new or used automobile, station wagon, jeep, truck, tractor, or any other form of conveyance.

Funeral Expenses For Veterans
Ohio-Michigan-Kentucky Branch Office of the Veterans Administration in Columbus, Ohio, today outlined four specific benefits which are available upon the death of a war veteran.

The VA is authorized by law to pay up to \$150 for funeral and burial expenses of a veteran, provide an American flag for burial purposes, arrange for interment in a national cemetery, and provide a grave marker. Applications for any one of the four benefits may be procured from any Veterans Administration office, from service organizations and from chapters of the American Red Cross. Benefits are available only when the veteran has been discharged under conditions other than dishonorable.

Benefits For U. S. Vets With Service in Canadian Forces
An American citizen who served in the Canadian armed forces during the war and who received gratuities as a veteran under the Canadian laws, is not barred from certain benefits under the G. I. Bill.

Female veterans of World War II are entitled to the same benefits provided by the G. I. Bill as male veterans—it was emphasized today by the Veterans Administration Columbus Branch Office for Ohio, Michigan and Kentucky.

Under the G. I. Bill, women veterans are entitled to education and training, guarantee of loans, readjustment allowances, including aid for self-employment and job-finding assistance. Women veterans attending school or in job-training status are entitled to subsistence allowances of \$85 monthly without dependents and \$90 a month with dependents. They are eligible for disability compensation, hospitalization, and National Service Life Insurance.

Women veterans eligible for benefits include former members of the Wacs, WAVes, Spars, Marines, and Nurses.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, stiffness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. They have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor.

DOAN'S PILLS

according to VA officials at the Branch 6 office in Columbus, Ohio.

The veteran who received a cash bonus and a "re-establishment credit" in an equal amount from the Canadian government, is eligible for a VA loan guarantee as provided by the American law. This decision clarifies the amendment to the G. I. Bill that stated: "American citizens who served in allied forces in the war are entitled to certain G. I. benefits if they have not received the same or similar benefits from the nation, in whose forces they served, and if they are residing in the United States."

Benefits, under the Canadian law are a cash bonus, based on length and place of service, and an equal amount in the form of a "re-establishment credit." On this basis, the VA decision ruled that a guaranteed loan, which the veteran is committed to repay with interest, is not "similar" to the Canadian gratuity.

Use VA Form 336 For Beneficiary Change
Veterans interested in changing beneficiaries on National Service Life Insurance and U. S. Government Life Insurance policies, were cautioned to be sure of the correct procedure. VA's Columbus (O.) Branch Office announced today.

Scanty information is one of the prime "headaches" encountered by all VA insurance offices. Their files contain 150,000 John Smiths, 8,000 of them without middle initials.

Completion of VA Form 336 assures all of the information needed for a properly completed change of beneficiary. The forms may be secured directly or by writing to the nearest VA office.

G. I. Rights For Female Veterans
Female veterans of World War II are entitled to the same benefits provided by the G. I. Bill as male veterans—it was emphasized today by the Veterans Administration Columbus Branch Office for Ohio, Michigan and Kentucky.

Under the G. I. Bill, women veterans are entitled to education and training, guarantee of loans, readjustment allowances, including aid for self-employment and job-finding assistance. Women veterans attending school or in job-training status are entitled to subsistence allowances of \$85 monthly without dependents and \$90 a month with dependents. They are eligible for disability compensation, hospitalization, and National Service Life Insurance.

Women veterans eligible for benefits include former members of the Wacs, WAVes, Spars, Marines, and Nurses.

Questions and Answers
Q. If I take a part-time job, will the Veterans Administration cut the amount of subsistence I receive under Public Law 346?
A. No, as long as your subsistence allowance, and your wages together do not equal more than \$200 a month if you have a dependent, or \$175 per month if you are without dependents. Your subsistence allowance may be reduced as much as necessary to meet this limitation.

Q. Does the fact that I receive other income have any bearing on the amount of compensation I get as a veteran with a service-connected disability?
A. No. Since your compensation is for a service-connected disability, the amount of income you have will not generally affect the amount of compensation allowed you.

Q. What is the latest date on which a veteran can begin a course of education or take an on-the-job training course under the provisions of the Servicemen's Readjustment Act?
A. A course of education or on-the-job training under the Servicemen's Readjustment Act may be started not later than four years after the end of the war or date of discharge, whichever is later.

Q. I am an honorably discharged veteran of World War II and have re-enlisted in the army for 18 months. I would like to buy a home now with a G. I. loan for my own use after my enlistment is up. My wife and children would live in it if I am transferred away from home. Can I get a G. I. loan for this?
A. You are eligible for a G. I. loan.

School Days Here Again . . .
Schools use more than half of all state, county, and city taxes, regardless of whether one has anyone to send to school, because education is for the common good of the country.

Real estate is taxed only 5 cents per hundred for state purposes, so all the taxes on real estate is for county and city purposes, and should be assessed at a higher valuation for better schools and better rural roads, as the motor taxes build and maintain the State roads.

Education makes a more active mind, a great benefit to all walks of life, does not always add to better morals, as the educated meet on common grounds in the use of profanity with the uneducated; profanity on the increase for the last half century in common use on the streets and in public places in the presence of the youth and women, and engaged in by some women, even in public places. Fifty years ago, use of profanity in public places was not tolerated. (Maybe an educational campaign would help).

Some make excuses for profanity, but none acceptable. It seems that if profanity was withdrawn from the vocabulary of many, even some so-called educated people could not carry on a conversation.

We hope there is coming some kind of a crusade against the use of profanity, especially in public places. Of course there are some other unspeakable words and phrases that go along with profanity.

Talking shop, there was a time when a prominent man said what America needs is a good nickel cigar, so history repeats itself, but now is added to that list \$2.50 white shirts, \$1.50 work shirts, long underwear, \$1.00 work gloves, and many other every day necessities.

Flood control does not bother with showers. OPA should not bother with many small items, preventing the manufacturer of many small necessities, but allowing the manufacture of many unnecessary items in place of necessary things. These unnecessary things are ceiling free and more profitable to manufacture than useful items that are under ceilings.

We have received twenty-five 11-4 Bed Spreads, some Piece Goods, a big lot of Men's, Women's and Children's every-day Shoes, showing a little better quality but nothing to brag about. We hope to get shoes in the spring that we can recommend for reasonable wear.

Come a frost, people will brace themselves for the shock, with little to choose from—better be looking.

Come in to see what we have to offer.

When "That Man" Blows His Whistle—

Can You Stop Your Car?

One of the best breaks a fellow will ever get is to have GOOD BRAKES on his car when a traffic violation ticket—or even worse, the danger of hurting himself or someone else—is right out there in front of him. Then he appreciates just how smart it is to check brakes regularly . . . how important it is to keep them in perfect condition.

We will be glad to check your brakes at any time, without cost to you . . . it takes only a couple of minutes and may save you considerable time and money. Bring your Ford "back home" today!

YOU CAN DO THIS FOR YOURSELF

An easy way of making a "quick check" of your brakes is to depress the brake pedal as far as it will go and measure the distance between the bottom of the pedal and the floor board.

If this distance is one inch or less, your brakes need attention immediately . . . you can't depend on them in an emergency!

Man Raises His Arms Above His Head For First Time In Years

A few days ago a man said the rheumatic pains in his arms and shoulders disappeared and now he can raise his arms above his head for the first time in years. He said the pains he used to have from this rheumatism were simply awful. Sometimes his knees and hips were stiff and sore, but the pains were mostly in the back of his neck and across his shoulders. Now, however, his suffering is entirely gone and he says the change is due to taking RHU-AID. "Oh! What relief!" states this man. "Why don't other rheumatic sufferers get RHU-AID?" RHU-AID is a new formula. It contains Three Great Ingredients, so it is almost like taking three medicines in one. It goes right to the source of rheumatic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get RHU-AID. Jones Drug Co.

Find Way to Keep Land in Tobacco

County Agent Joe Thompson says Bath county farmers are beginning to adopt the idea of using land year after year for tobacco. Sewing balbo rye and vetch helps to keep it in top condition.

Mr. Thompson recommends that a ton to two tons of limestone and 500 pounds of phosphate be disked in as soon as the tobacco is cut. Then a bushel of balbo rye seed and 25 to 40 pounds of inoculated vetch seed are disked in to a depth of three to four inches and the land rolled or cultipacked.

BORAX SAVES ALFALFA

A test made by D. B. Graham, Jr., of Hickman county indicated that an application of a small amount of borax will keep alfalfa from turning yellow, according to County Agent Warren Thompson. He applied 20 pounds of borax to the acre on a five-acre field of alfalfa. Strips not covered with borax turned yellow after the second cutting and lost almost 75 per cent of the leaves. Where borax was evenly spread, the alfalfa stayed green, retained its leaves and grew four inches taller than where no borax was applied.

When to the flowers so beautiful

The Father gave a name.

Back came a little blue-eyed one.

All timidly it came.

And standing at its Father's feet,

And gazing in His face

It said in low and trembling tones

With sweet and gentle grace:

"Dear God, the name thou gavest me

Alas I have forgot."

Then kindly looked the Father down

And said "forget-me-not."

ATTENTION Tobacco Growers!

At a joint meeting of warehousemen, buyers and other dealers of fire and air-cured tobaccos, held in Murray, Kentucky, on September 18, 1946, attended by representatives of Mayfield and Murray Tobacco Boards of Trade, it was concluded that all dealers, warehousemen, County Extension Agents, Vocational Agricultural Instructors and other farm leaders should encourage tobacco growers to strip their own tobacco, as public stripping organizations would not be operated by warehousemen and others this year, due to critical shortage of qualified labor in Mayfield and Murray available for stripping and classing dark fired and dark air-cured tobaccos.

It was the opinion of several attending the meeting that the cost of having tobacco stripped by commercial strippers in the past had been very expensive to growers because of the manner in which it was generally stripped and prepared for market. It was pointed out that the net returns of many crops of tobacco stripped by public organizations might be from \$2.00 to \$5.00 per hundred more than if properly classed and prepared for market by growers, in addition to the saving of approximately \$2.00 per hundred cost for stripping, other than at home.
